

Dear FCC: In light of the disgusting, ill-humored advise that G-105's "shock jocks" Bob and Madison suggesting listeners hassle and commit vehicular assault on cyclists , I suggest that G-105 and Clear Channel be punished in a severe way. This behavior is simply not acceptable- what if one of those victims was a son, daughter or friend of yours? 2500lb cars as weapons are no match for bikes. Clear Channel is proud of it's "heightend publicity"-I say take them off the air FOR GOOD!!!!!! There is no humor is this matter-many cyclists are killed as a result of angry drivers. A hand slap for this issue will encourage other DJ's to continue this neanderthal behavior.

Sincerely, Steve Bohn: Cyclist, Race Director and father
